HOW INDEPENDENT LIVING CHOICES HELPS

We provide opportunities, pride, and as it says in our name, independence.

ADVOCACY

By teaching people with disabilities the skills they need to advocate for themselves, we provide an added level of independence for the people we serve.

INDEPENDENT LIVING SKILLS

Hands-on training in important everyday skills — from cooking to budgeting — teaches the people we serve how to live on their own.

INFORMATION AND REFERRAL

Connecting people to people with the information they need in the field of independent living and people with disabilities.

PEER COUNSELING

Providing opportunities for people with disabilities to talk, one-on-one or in a group, about life experiences.

ASSISTED DAILY LIVING SERVICES

Providing three primary services for people ages 18 and older in need of assistance with daily living activities:

- Case management
- Program education and support
- Personal attendant services

COMMUNITY LIVING SERVICES

Assisting people in obtaining accessible, affordable housing, transportation, etc.

SUMMER TRANSITION

Offering assistance for 14-21 year olds in their transition into independent living.

HOME MODIFICATION ADAPTIVE DEVICES

Improving living situations by assisting with home modifications, such as ramps or lift chairs and adaptive devices, such as reachers and hand controls.

TELECOMMUNICATION ADAPTIVE DEVICES

Providing adapted telecommunication services, such as an emergency phone dialer.

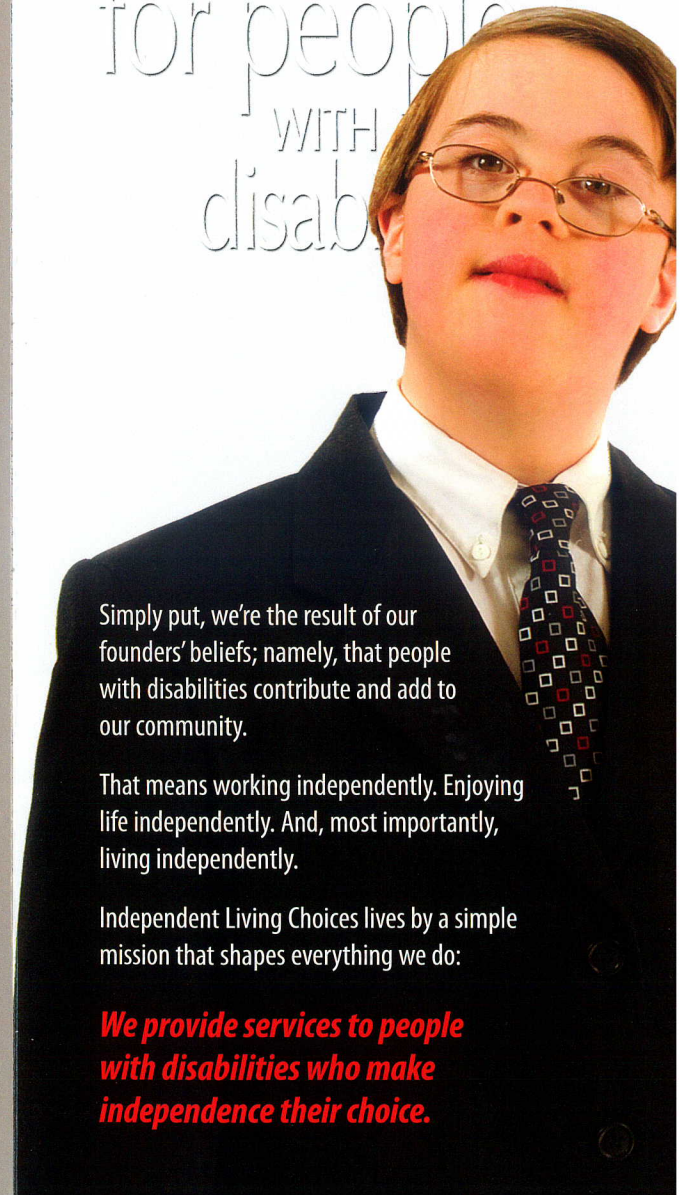

AMERICANS WITH DISABILITIES ACT

Serving as an educator for contractors or individuals in regard to ADA guidelines and their effect on accessibility.

INDEPENDENT LIVING CHOICES

OPENING DOORS
for people
WITH
disabilities

Simply put, we're the result of our founders' beliefs; namely, that people with disabilities contribute and add to our community.

That means working independently. Enjoying life independently. And, most importantly, living independently.

Independent Living Choices lives by a simple mission that shapes everything we do:

We provide services to people with disabilities who make independence their choice.
